

## Comments after meeting of 09-27-2023

1. Do we have the three roofing bids we were promised by fall? What is the situation? We are currently working on the bids. This will be on the October Agenda to discuss.
2. Is the plan to do the roofs at the beginning of next year? Yes
3. Keyed mailboxes are they more expensive? Survey will be going out with all the costs.
4. Do we have an insurance cost for next year? We do not have a quote yet but there definitely will be an increase.

Discussions on plumbing issues due to aging of underground pipes. Questions on what insurance would cover if you needed to tear up your concrete floors. It is a maintenance issue but contacting your insurance agent on coverage would be the place to start.
